You will have **180 minutes** and with **fewer instructions** to design a web page. You'll not be allowed to stop and re-start, please make sure that you have enough time to finish the exam before you begin.

Design the page to the best of your ability, reflecting what we have discussed in class, during lecture, and what you have discovered working in the lab as well as. The main area to page attention to is **CSS Grid Layout.** You are to figure out on your own the web page using Grid Layout. Example **grid-areas.** You'll be required to design a media query for tablet screen size of **967px** make you navigation responsive.

A few instructions to pay attentions to

@import 'https://fonts.googleapis.com/css?family=Raleway';

:**root**{

   --main-color: #05a081;

   --light: #fff;

   --bg-1: #eee;

   --bg-2: #333;

   --shadow: 0 1px 4px rgba(80,80,80,0.8);

}

.menu a:hover{

   opacity: 1;

   color: var(--light);

   background: var(--main-color);

   font-weight: bold;

}

Fontawesome icons

<i class="fas fa-book"></i>

<i class="fas fa-graduation-cap"></i>

<i class="fas fa-chalkboard-teacher"></i>

Your URL should be

Home	About	Events	Gallery	Contact
